2010 Syrah

This is the 3rd release of Syrah, one of the new grape varieties that Laughing Stock is working with at their Perfect Hedge vineyard in Osoyoos. The style they have developed is aligned with the classic Côte Rotie, blending 94% Syrah with 6% Viognier.

The combination of these varietals creates an elegant wine that has intense purple colour, a concentrated dried blueberry and cedar nose, with elevated mint and floral notes from the Viognier. On the palate, the wine has intense black cherry, plum, clove and tobacco with a long supple finish. Lots of aging potential as well.
